 T 12 S

This covers a portion of the sections of Twp 12S, Range 17W and Twp 12S, Range 16W
 I drew this plat map to show the early landowners who were neighbors of my Edge families. For all landowners except the Edges, this shows only original land purchased from the Federal government through the General Land Office. Private sales between individuals recorded at the Monroe Chancery are not reflected in this map. Keep in mind that many of these original GLO land purchases were assigned or sold almost immediately. Some were not completed so were resold by the GLO. Additionally, not all GLO land descriptions or surveys were accurate. Some were cancelled and reissued up to 50 years later because of faulty land descriptions. If space permitted, I added the amount of acreage and the date of transaction to the plot. Please use this as a guide only. I make no guarantee of accuracy. I removed some of the contemporary map landmarks to make room for the names. Copyright, Robin Linn, 2007.
