

MOTHER MONROE

Every-Name Index

by

William T. Thornton, Ed.D.

Fulton, MS

October 2006

The excellent collection of articles entitled MOTHER MONROE by Dr. W.A. Evans including PIONEER TIMES IN MONROE COUNTY by W.B. Wilkes and WHO'S WHO IN MONROE COUNTY CEMETERIES by Dr. W.A. Evans is an invaluable source of information for genealogy research into families from Monroe County, Mississippi. The articles, which originally appeared in the Aberdeen Examiner, 1936 – 1938, were republished by Mother Monroe Publishing Company in 1979.

At the time of the republication of these newspaper articles, two indexes were prepared: a surname index and a topical index. While the topical index is wonderful for quickly finding places and events, the surname index is just that, a list of the surnames and the page numbers on which that surname appears. No where in my volume of MOTHER MONROE is found a complete list of names.

Over the past several months as I have read and used MOTHER MONROE, I have been slowly adding all of the complete names from each page into an index format. That every-name index is presented here with the hope that it will help other researchers with their work on Monroe County, Mississippi.

My index was prepared from a copy of MOTHER MONROE which I purchased in the 1980s. It is worn from use and stained from water damage; some of the pages were difficult to read. Further, my index has not been edited nor proofed against the original copies of the articles which I understand are available at the Evans Memorial Library in Aberdeen, Mississippi. My index is expanded so that an individual's military affiliation is a free-standing entry [and you will notice that some of the individuals were in three or more different units during the Civil War]. Spelling changes are noted within the index but, for the most part, I tried to follow the spelling in the original. Researchers are cautioned to read MOTHER MONROE for themselves and if searching for military associations, I suggest one go directly to the muster rolls for a complete listing of names.

There were many obvious errors in spelling and in the type-setting of the original copy; the group that republished the articles in 1979 states that "we have not corrected errors in the original publication nor have we corrected archaic spelling." It is difficult to type misspelled words and it was difficult to make my computer stop the auto-correction features that seem to take over at times.

SURNAME not determined:

____som, J.F., Co G (Buttahatchie Rifles) 41st Reg MS Inf CSA, 114,

CORRECTIONS TO INDEX POSTED ON GENFORUM:

Dr. Evans names on page 69 the Monroe County soldiers, volunteers in the Mexican-American War, who had died. On that list is the following:
O.R. WEAVER

I indexed that name and information as:

WEAVER, O.R., death notice, Co D 2nd MS, Mexican War, 69

This probably is H.R. WEAVER and either the telegram was transmitted incorrectly in 1847 or the name was transcribed incorrectly in 1936 when the article was first published by Dr. Evans.

HARTSWELL R. WEAVER, son of Frederick Weaver and Frances "Fannie" Willey Weaver, was a member of Company D, 2nd Mississippi

Regiment. He died at New Orleans on February 2, 1847 while awaiting transfer to the battle zone.

The correct entry should be as follows:

WEAVER, H.R., death notice, Co D 2nd MS, Mexican War, 69
